

Fraternity/Sorority House Modification Request Form

Fencing and Staging Requirements

LSU is committed to promoting a safe and appropriate environment as part of its educational mission. For social events at fraternity or sorority houses where fencing and staging is required per PS-78, all requirements outlined below must be satisfied.

The Temporary Fencing and Staging Requirements for all events at on-campus fraternity or sorority houses on the Baton Rouge Campus are as follows for any event on campus:

Fencing

1. No homemade fencing systems, buckets, poles, visqueen, etc. are allowed. All existing material of this type must be removed from the premises by **September 1, 2019**
2. Allowed Fencing System:
 - a. 6 feet tall, 12 feet long chain-link panels with bases to allow for temporary installation can be rented from a local fence rental company (one is recommended below, others may be acceptable.) Installation instructions will be given at time of rental.
 - b. Fencing cannot be stored on site between events.
 - c. Self-supporting bases are required. No ground penetration of any kind is allowed.
 - d. Temporary fencing can be installed beginning at noon on the day preceding the event and must be taken down by no later than 6:00 pm on the day following the event.
3. Entrance and Exit points through the Fencing System:
 - a. Maximum person count per event is regulated by another document. For less than 480 people a minimum of two (2) 48" wide Access Points are required for exiting purposes.
 - b. If the event is approved for maximum attendance of 480 people or more, a minimum of three (3) 48" wide Access Points are required for exiting purposes.
 - c. Actual placement of Access Points are subject to review by the Fire Marshal, and adjustments required, if any, are the responsibility of the holders of the event.
 - d. Access Points can include an unlocked gate operable from inside of the enclosure or the free-swinging end of a longer panel.
 - e. All other security regulations regarding monitoring of the people count and movement in and out of the Access Points are to be followed.
